SAPORITI THREADER MACHINES

Saporiti is an Italian Company which manufacture threader machine since almost 40 years. We have slanted and horizontal bed machines, with from 3 up to 9 and even more controlled axis. The machine are suitable for the manufacturing of screws and twin screws cylindrical or tapered.

WWW.SAPORITI.IT

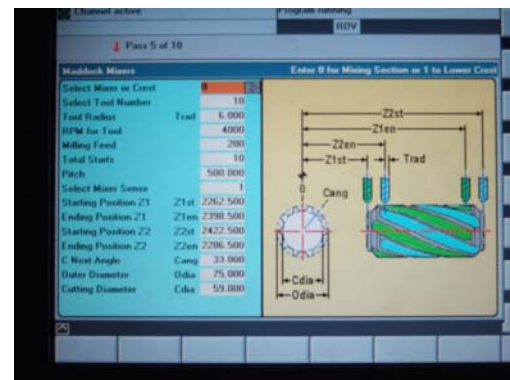

Our machines are customized and with the main features agreed with the customer. The screws can have diameters from 15 mm up to 450 mm and length even over the 8 meters.

Our models GRM have whirling head and are suitable for big series of screws

Saporiti has developed software "SAPOVITE" to aid in screw programming.

Our threader machines are equipped with CNC Siemens of latest generation (840D) and can be optionally equipped by Renishaw tool probe and tool changer
